## **SELECTMEN'S REPORT FOR 1960**

Bradford must have MORE NEW VALUATION. Someone must provide building lots. Fifty or more good lots could be provided by landowners without harming themselves. There are very few lake shore lots left.

The Hopkinton-Everett Dam and New England College will have considerable effect upon Bradford within the next few years. Let's have from \$600,000.00 to \$1,000,000.00 of new valuation by 1966! COOPERATION will do it.

### **Town Road Aid**

In 1960 we hard-topped .8 mile from Hoyt Corner up Joshua Eaton Hill to the sharp corner by the Eldred Keays's, and have .3 from Moon's Corner to the Richard Burke's ready to be hard-topped during the 1961 season. We plan to get the road from the Burke's to the Keays's ready for hard-topping in 1962 and make a start on the Breezy Hill Road.

Many improvements were made by the Road Agent in 1960, among them the entrance to Pleasant View Road and entrance to Gillingham Boulevard. Over 300 loads of gravel were put on the muddy road from Marah Symmes' road to William Seavey's. Many rocks were blasted on the road on the East side of Lake Massasecum, on Forest street, and on West Meadow road, as well as numerous rocks and boulders on Hogg Hill Road.

### **Duncan Fund**

In 1960 .4 mile of Hogg Hill Road from William Seavey's to Rev. J. Edward Vesper's was widened and hard-topped. In 1961 this fund will be used to improve Forest Street from Route 114 at Fisher's Store to Bradford Center, opening that area for building possibilities.

## **Bridges**

In 1960 the Melvin Mills Bridge and the two Hoyt Corner Bridges were rebuilt. The Upper West Meadow Bridge has steel beams and in 1961 we will put on steel planks, asphalt, rails, etc.

The Cider Mill Bridge near Hoyt Corner will get the same treatment, and will also be widened by the addition of another steel beam. Both these bridges must be replanked this year. Wood planks cost 1/3 as much as steel and would not be permanent.

This leaves five non-permanent bridges. The two small bridges on Blaisdell Lake Road were replanked in 1960. The Jewett Bridge was rebuilt in 1958, and the Lower West Meadow and Johnson Bridges were rebuilt in 1959.

Repair on old equipment was quite a problem in 1960. New engines were installed in each of the two trucks.

## **Cemeteries**

A section of the fence at Pleasant Hill Cemetery was rebuilt in 1960 with the income from the Bradford Cemetery Fund.

Income from the Trow Fund provided the twelve blue spruce and the two Norway maples that were set out in Sunny Plain Cemetery.

All cemeteries were kept mowed throughout the summer.

Your Selectmen have been criticized for some of their decisions during the past year, but we have also had many compliments. Remember - THIS IS YOUR TOWN. We can do only what you - the voters - authorize us to do. We do our best for you, but we will at any time welcome constructive criticism or helpful suggestions of those of you who have the good of Bradford at heart. How about "helping us" to "help you!"

## **PREVENTION IS YOUR BUSINESS**

Carelessness, **HUMAN CARELESSNESS**, causes 9 out of 10 forest fires. Each year 200,000 fires burn over 30 million acres in the United States. This represents 5 percent of our nation's woodlands being wasted each year. Every fire takes its toll. Floods follow; stream flow is affected; timber, buildings, grazing and wildlife are destroyed - all because **MANY** are **CARELESS** with fire in and near woodland. This can be remedied. **YOU** can put an end to this shameful waste! **PREVENTION** is **YOUR** business!

**YOU**, whether **YOU** be a farmer, homemaker, business or professional man or woman, municipal, state or federal official, clerk or woodsman can play an important part in the continuing and vital prevention program.

**First** - by setting a good example **YOURSELF** - being sensible and complying with the necessary laws and regulations governing the use of fire in and near woodlands.

**Second** - by using **YOUR** individual influence in your community and valued council with others in insisting and encouraging them to do likewise.

The following simple rules may be used as a guide both for **YOU** and for them.

1. **Before burning, secure a permit from your local forest fire warden - the law requires it.**
2. **Be sure to properly supervise your burning - don't leave it.**
3. **Make certain your fire, camp or debris, is DEAD OUT before leaving it.**
4. **Don't throw down lighted matches, cigars and cigarettes or from moving vehicles - make sure they are out - use your ash tray.**
5. **Don't burn at home - use your town dump and save yourself much possible difficulty, both personal and financial.**

### Report of Brown Memorial Library Trustees

The Board of Trustees is glad to report that the Library has had a very good year.

Repairs have been made where needed. New gutters and spouts put on the building wherever some were damaged. The railing on the steps painted and new shelves put in the cellar to store old books to keep them dry.

The walls of the Library have been painted a very pretty green. There was also this year a table of books for sale, which was very gratifying and this will be continued next year.

Each year in June there is National Library Week and we had an Open House Tea, which was well attended.

"The Library is a good place to read and meet your friends."

## REPORT OF SUPERINTENDENT OF SCHOOLS

*To the Members of the School Board of the Bradford School District:*

During the 1959-1960 School Year the following teachers were employed:

Teacher and Grades	Training	Year Of Graduation
Mr. James C. Connor Grades 6 - 7 - 8	U. N. H.	1957
Mrs. Eunice E. Willgeroth Principal, Grades 4 - 5	K. T. C.	1927
Miss Lucy A. Faulkner Grades 1 - 2 - 3	Wheelock	1956
Miss Blanche C. Bailey, <i>Music</i>	K. T. C.	1933

### Graduates - June 1960

Harriett Braley	Sandra Brown
Richard Messer	Patricia Miller
William Perkins	Douglas Sweet
John Ward	Janet Wheeler
Gail Whitman	

There were no changes in the teaching staff this year. Mrs. Eunice Willgeroth is Principal of the building and teacher in the middle grades. Mr. James C. Connor has the upper grade pupils and Miss Lucy Faulkner the lower grade pupils. Two other important members of the staff are Mrs. Elsie Ayer, who prepares the meals for the Hot Lunch Program and Erving Blunt, who keeps the building neat and clean.

There has been some talk of the Women's Club giving up the sponsorship of the Hot Lunch Program, and I am assuming that this is true, and that the District will have to make some provision in their budget for the financial support of the program. The Women's Club has done a very fine piece of work in getting the Hot Lunch Program started and in helping to keep it going. However to keep the program going year after year is more than anyone should expect the Club to do, and it is only right that the School District should relieve them of this responsibility with commendations for a job well done.

Another problem has been the ski program. Last year only about half of the children were participating. It is pretty difficult to justify a program like this if many pupils are not taking part for one reason or another. There are many obstacles to running a successful ski program in Bradford and it may well be that the District should look to some other program of Physical Education.

After the School Meeting last year a few people expressed concern about the amount of money that was involved in teachers' salaries. I can't argue as to what a school teacher is worth any more than I can what a carpenter or a plumber is worth. Each individual has his own idea, depending on his experience and background. How do you measure what each is worth? The only thing I can do is give the board some idea of what the situation is concerning teachers' salaries and supply of teachers available, and on this basis the board sets up its budget.

Out of 56 students at Plymouth Teachers' College placed for September, 1960 positions, forty-six were placed in N. H. The salaries ranged from \$3,600 to \$4,500 and the average salary was \$3,937. Ten pupils were placed in positions outside N. H. at salaries ranging from \$4,000 to \$5,100 and at an average salary of \$4,470. Our average salary this year is exactly \$4,000 for experienced teachers. I think it is fair to assume that salaries of beginning teachers is not going to be lower this coming year. I also think it is safe to say that most young people coming out of Teachers' Colleges are not interested in small communities which do not have attractive salary schedules and do have multiple grades. Last year was the worst year I ever had in getting new teachers. It certainly takes some of the joy out of education, but children are still wonderful, or at least I think so.

It has been a pleasure to work with the Bradford School Board, Teachers, and Parents.

**REVIEW OF 1961****Road Improvement:**

Rocks and boulders have been blasted out along the whole length of Forest Street, and the road widened by some six to twelve feet, so that cars can now meet anywhere. Ditches were dug along the sides so that water will not longer run down the middle of the road.

A few boulders on the Rowe's Mountain road were also blasted out.

The road from the Bradford Center road to Route 114 has been widened.

Along the road from Bradford Center to the Fred Stevens place (County Road) many rocks have been blasted out to provide better drainage.

Many rocks and boulders were blasted along the road from Marah Symmes' to William Seavey's.

These improvements will be of special benefit in winter, for it has been nearly impossible to prevent the snowplows from hitting many of them and doing substantial damage to equipment.

A State "Betterment Project" on the River road cut off the bank on the dangerous curve. The material removed was dumped over the bank on the road from the Center road to Route 114, thus helping to widen that road. This was done at no cost to the town.

**Bridges:**

The Cider Mill Bridge was made four feet wider. Steel planks were welded onto the steel beams and steel rails were put up and painted.

Steel planks and rails were added to the steel beams already on the Upper West Meadow Bridge.

In 1962 the Lower West Meadow Bridge must be rebuilt with steel beams, steel planks and steel rails.

**T. R. A.**

About one-half mile from Moon's Corner to Richard Burke's was hard-topped. This year it must be sealed. Another one-third mile was built, and will be oiled in June. The remainder of the road to Keays' will be finished this year — ready to be oiled in 1963.

**Duncan Fund:**

The Duncan Fund was used to widen Forest, Rowe Mountain and County Roads. In 1962 it will be used to widen other roads, put in culverts, and surface with gravel.

After 1962 the only non-permanent bridges will be the two on Blaisdell Lake road, the Jewett and Johnson Bridges.

Roads will be oiled wherever necessary.

The hills that are now oiled are: Marshall, Hogg, Joshua Eaton, Breezy, Gulf, and Hemlock Hills, and the west side of Jewett Hill. Hills that have not yet been oiled are Johnson, County, Rowe's Mountain, the north side of Jewett Hill, and the hill on Nichol's road.

Because the Road Agent is a contractor and owns equipment for widening roads and blasting, we have been able to do this work for a lower price than in previous years when it was necessary to hire for each job.

**Report of the Planning and Development Board**

The Planning and Development Board has proposed the road and area name study for numerous reasons. Among these are three outlined briefly below:

1. To clear up any discrepancies and confusion as to who lives on what street and what any one area is now named.
2. To assign names to streets and areas which at present are un-named.
3. To produce and maintain a map of the town to be used solely as a guide in the future for naming new developments and streets as they are made.

It should be noted that the monetary appropriation as suggested by the Board is intended to be used wholly for expenses incurred in the study such as for the map, materials, new signs, etc. and not for remuneration for service to those appointed to the committee.

**74:2—Exempt Realty.** At the time of making the list of polls and the invoice of estate liable to be taxed the selectmen shall also make an invoice of all lands, buildings, and structures which, but for the tax exemption laws of the state, would be taxable as real estate, including all land, but excluding the buildings of the United States, state, county, town, school district or any political subdivision thereof used for public or educational purposes.

**74:3—Railroad Stock.** They shall annually take an invoice of the shares of stock of each railroad corporation of the state owned by inhabitants of their town on April first, and shall transmit to the state tax commission on or before June first, a statement under oath, showing the number of shares of each corporation thus owned, the names of such stockholders, the number of shares owned by each in each corporation, and that such stockholders were inhabitants of the town on April first. If they shall neglect to comply with the foregoing provisions they shall be liable to the town for all damages resulting to it from their default.

**74:4 Inventory Blanks.** The inventory blanks shall be so arranged and formulated as to require, under penalty of perjury, from the person or corporation to be taxed, in answer to interrogatories therein stated, a description of all real estate taxable to the person or corporation and a statement of the gross amount or quantity of each class of personal property for which he or it is taxable, and such other information as will enable the selectmen or assessors to assess all the taxable property of such person or corporation and at its true value; also a list of the shares in railroad corporations of this state owned by such person or corporation. The blanks shall require the owner's estimate of the value of his stock in trade, but not of his other property. So help me God.

**74:10 Hearings.** The selectmen or assessors shall on or before the second Monday of April in each year, give public notice of the times when and places where they will receive such inventories, and hear all parties regarding their liability to be taxed. They shall state therein the time when such hearings will begin and close. Such notice shall be posted in one or more public places in the town, shall be published in some newspaper, if any be printed in the town, and shall be given in any other manner they think proper.

**74:11 Assessments.** Upon the return of such inventory, the selectmen shall assess a tax against the person or corporation in accordance with their appraisal of the property therein mentioned, unless they shall be of the opinion that it does not contain a full and true statement of the property for which such person or corporation is taxable.

**74:12 Doomsday.** If any person or corporation shall wilfully omit to make and return such inventory, or to answer any interrogatory therein contained, or shall make any false statement therein; or if the selectmen or assessors shall be of opinion that the inventory returned does not contain a full and correct statement of the property for which the person or corporation is taxable, or that the person making the same has wilfully omitted to give required information, or has made false answers or statements therein, the selectmen or assessors shall ascertain, in such way as they may be able, and as nearly as practicable, the amount and value of the property for which the person or corporation is taxable, and shall set down to such person or corporation, by way of doomsday, four times as much as such property would be taxable if truly returned and inventoried.

**74:13 Penalty for Default by Selectmen or Assessors.** If any selectmen or assessors shall wilfully omit or fail to perform any duty imposed upon him by the provisions of this chapter or by other laws pertaining to taxation, shall wilfully fail to enforce or wilfully violate any of the provisions thereof, he shall be fined two hundred dollars.

**74:14 Account Requirable.** The selectmen, or either of them, may make personal application to any inhabitant of the town, to any person having the care of personal property taxable therein, and to the officers of any corporation for an account of the polls and ratable estate for which they are liable to be taxed.

**74:15 Penalty for Withholding True Name.** Whoever, upon request made to him by an assessor or collector of taxes of any town in the performance of his official duty, refuses or neglects to give his true name shall be fined not more than fifty dollars.

**74:16 Penalty for Evasion of Tax on Bank Stock.** Whoever transfers any stock in any bank for the purpose of evading taxation, or to prevent its being taxed to the real owner thereof in the town in which he resides, shall be fined not more than one thousand dollars to the use of the town in which, or for the use of which, such stock ought to be taxed.

## **AN APPEAL FROM YOUR FOREST FIRE WARDEN —**

In these days of constantly rising taxes and wages, any unnecessary expense is an added burden on everyone's pocketbook - yours and mine. Forest fires cost money and damage our valuable woodlands. Lightning sets some forest fires, but we have no control of lightning. Children cause many fires. Ninety-eight percent of our forest fires result from human carelessness - our carelessness. This, we - you - and I can do something about.

When we require you to obtain a permit for out-of-doors burning or forbid you to burn on days of high fire danger or set up regulations - hours, etc., governing the use of the town dump we are simply protecting yours and the town's interests.

The ever present threat of forest fires is the concern of all of us; the responsibility for preventing them is ours and the costs of extinguishing are ours. We can do something about this problem, by being aware of and alert to the danger and by cooperating with your warden.

*Do the things that are required of you —*

1. Follow the warden's directions.
2. Secure the required burning permit.
3. Keep your fires under control.
4. Completely extinguish your fires before leaving them.
5. See that your children are properly cautioned.

Everyone will benefit by it!

## REPORT OF BROWN MEMORIAL LIBRARY TRUSTEES

The Trustees have met with the Librarian many times this year to discuss Library matters.

The Librarian and Board Member Mrs. Floyd Gypson attended a neighborhood meeting in Warner, on April 2nd.

On April 19th an Open House was held in observance of National Library Week. Mr. William Hopkins (*Extension Librarian of State Library Staff*) gave a talk on Library work with pictures of libraries in the State.

Mrs. Wolfe (*Treasurer*) and Mrs. Gypson (*a Trustee*) attended the Library Association Convention in Concord on October 26th.

From the Marietta Huntoon Trust Fund and some of the Morse Fund and interest, the trim on the Library was painted and new window shades installed in the Library.

This gift of \$10,000 from the late Harlan P. Morse has made it possible to do many things for our Library - buying many new books not in our budget, and best of all, an Artesian Well already drilled with pump and tank installed ready for the Toilet Room to be completed soon. This was truly a WONDERFUL GIFT!

On January 13, 1962, a display case with souvenirs of World War I was presented to the Library by Mrs. Martha D. Ayer in memory of her late husband, Sargent Harold W. Ayer. The first draftee from Bradford in World War I.

There has been one change in the teaching staff for the school year 1961-62. Mr. David O'Connor has replaced Mr. James Connor as teacher in the upper grades. Mrs. Eunice Willgeroth continues as Principal and teacher in the middle grades and Miss Lucy Faulkner remained as teacher of the lower grades. Our two veteran special teachers, Miss Blanche Bailey in Music and Miss Ruth Whitcomb as School Nurse give excellent service and are a great asset to the district. Mrs. Margaret Bacon has conducted a valuable program in physical education.

From time to time I get inquiries as to how good our schools are in Bradford or why don't we do some of the things that other schools do. I have to answer that I think on the whole we are doing a good job, but by the very nature of our organizations we can't do some things that a departmentalized Junior High is able to do. For example, the teacher in the upper grades will have about thirty preparations in three different grades in all elementary subjects. The teacher in a Junior High School like Warner has five or at the most six preparations and usually in one special field like mathematics or science. We can't expect our upper grade teacher to have as good a background in all of his subjects as the Junior High teacher does in one subject area. This is obviously a disadvantage.

On the other hand, the Bradford teacher, because he has the pupil in all subjects all day long, gets to know the pupil far better than the English teacher does his seventh grade pupils whom he sees only one period a day and in one subject area. As a result, the Bradford teacher can and does work on the development of the whole child in all areas. He knows the pupil's strengths and weaknesses and can work on them in all areas. He can make spelling, for example, an integral part of the pupil's English program, his Social Studies program and his Science program.

Both my own children attended small town schools all their lives and I didn't want it any different then and I haven't changed my mind now that they are through the public schools. Their success in college has been limited, not by their public school training, but only by their own ability.

Bradford is a good town in which to raise children, and I enjoy working with these children.

## PREVENTING FOREST FIRES

### IS OUR RESPONSIBILITY

Costs of suppressing carelessly set outdoor fires in New Hampshire in 1962 cost the persons responsible \$5,545. In the same period, the cost to the cities and towns for control of such fires for which no responsibility could be placed cost another \$24,634. What utter waste of tax money and what shameful and needless loss of timber and esthetic values in the 2200 acres burned. Residences, farms, and other business places were threatened with possible total destruction.

Carelessly set man caused fires can be prevented if every citizen remembers his responsibility in regard to any source of fires in the open. We can help to keep our fire loss low by remembering these simple rules:

1. Dispose of burnable waste at the town dump.
2. If waste or brush is to be burned on the premises, obtain a permit from the forest fire warden. Seasonal permits may be issued for approved incinerators and sites.
3. Burn safely by picking a clean site, avoiding dry windy weather and preferably burning late in the day.
4. Have something to keep the fire under control — pails of water, garden hose, sprinkling can, broom for grass fires or shovel will help.
5. Be sure your fire is dead out before you leave it.
6. If the fire gets out of control or if you see a fire out of control, report promptly to your warden or fire department. Continue to fight it until help arrives.

There is potential danger when matches fall into the hands of children. It is never too early for parents to install in the child's mind a respect for fire.

Keep our town safe from fire.

In 1962 we had 3 fires.

We burned 128 acres.

Permits issued, 28.

## REPORT OF BROWN MEMORIAL LIBRARY TRUSTEES

December 31, 1962

The Trustees of the Library are pleased to report a very profitable year for the Library.

There have been six meetings with Librarian, two of these with Emil W. Allen, Jr., Assistant State Librarian.

For National Library Week, on April 11, we had an Open House with Mr. and Mrs. Frank Hamblett of Concord showing their pictures. Refreshments were also served.

Mr. George Morse showed films two times for the children. These were well attended. Fifty the first time and thirty-two the next.

From the Marietta Huntoon Trust Fund twelve wooden folding chairs were purchased.

From the Harlan P. Morse Fund, the Rest Room was completed June 30th. Eight new shrubs put in front of the Library. A combination storm door on outside basement door to protect the water pipes. Also many books, including Comptons New Encyclopedia were bought.

Many very nice books were given the Library this year. Mr. George Morse gave a set of fifty Harvard Classics. An unknown person gave six American Heritage Books, also Mrs. Eldred Keays, Mrs. Howard Milner, Mr. Thomas B. Niles, Mrs. James Rawson, Miss Mabelle Steele, The Bradford Women's Club and the Women's Christian Guild.

The sale of discarded books was continued this year and was very well patronized.

The circulation of the Library increased this year with 7,218 books checked out.

## SUPERINTENDENT'S REPORT

There has been one change in the teaching staff this year. Mr. Richard Pratt replaced David O'Connor, who left teaching to enter private business. Mrs. Eunice Willgeroth, Principal and middle grades teacher, is in her seventh year in Bradford as is Miss Lucy Faulkner, the teacher in the primary grades. Miss Blanche Bailey, our music supervisor, and Miss Ruth Whitcomb, our school nurse, have been with us several years and Mrs. Margaret Bacon is completing her second year as teacher of Physical Education. We are fortunate to have some one like Mrs. Bacon living in the community, who is willing to help us in enriching the curriculum for our young people. We also have a person living in the community who is a qualified Art Teacher and consideration should be given to add art to the school program.

The enrollment of the Bradford Central School seems to be on the increase. There are now about thirty pupils in the primary grades room, and indications are that we will have approximately fifteen entering first grade next year. This will result in a primary room of thirty-eight or forty pupils which is much too large. In all probability there will be some rearrangement of rooms another year. I would think that a sensible arrangement would be to have grades one and two in the primary room; grades three, four and five in the middle grades room; and grades six, seven and eight in the upper grades room.

The 1961 Legislature appointed a committee to study education in the State of New Hampshire, and they have issued a preliminary report. Just when the final report will be released is uncertain. The new Governor has just signed a bill extending the life of the committee for another sixty days so that they can complete their final report.

The major recommendation is that the state be divided into thirty-four supervisory districts instead of the present

forty-eight, with the extra fourteen superintendents to become members of the State Department of Education to help carry out this re-organization under a Master Plan.

Bradford would be in a district which would include Hopkinton, Henniker, Warner, Hillboro, Antrim, Washington, Windsor and Deering. This plan assumes that a central high school will be built in Henniker: and Hillsboro, Warner, Hopkinton and Antrim High Schools will be closed. The high school, according to the plan, would be for six hundred pupils; actually it shows it would have to be closer to a thousand pupil high school.

The key to whether a plan like this will succeed or not will depend on how much money the Legislature will vote to carry out such a plan. Up to this time no Governor and no Legislature has been able to set up a broad-base tax for the State of New Hampshire. The plan is an ideal one which will take money and time to complete. Until that time comes we must continue to work to provide the best education possible for our fine young people in Bradford.

## REPORT OF THE FOREST FIRE WARDEN

### AND YOUR DISTRICT CHIEF

During the past year New Hampshire faced the greatest forest fire threat to its woodlands in more than sixty years. The continued drought brought home to our citizens, as never before, the potential threat of destructive fires to their beautiful and valuable forests, homes and livelihood. In true American tradition of meeting a common threat by volunteer effort, this fire danger was minimized by active prevention, patrol and a relinquishing of personal rights for the common good. It was the greatest demonstration of public cooperation ever experienced by those responsible for local and state fire control. The ready forces of volunteer fire services kept the losses low. For their effort and public response the general fire service expresses its heartfelt thanks for a job well done.

Prevention however, is not just an activity for the bad fire years. It must be practiced until it becomes a part of our public conscience — a habit. Just plain carelessness with fire causes too many of our fires.

The following practices and suggestions will help:

1. Always have a permit for outdoor burning and burn within the terms of the permit and in a safe place. Burn late in the afternoon when the wind is down or on rainy or damp days. Check your fire and if winds develop extinguish it promptly.

2. Carry your rubbish to the public dump — it's safer. A neglected backyard incinerator causes many fires.
3. Never discard lighted cigarette or match. Make this a year around habit regardless of the safety of your surroundings.
4. Children caused fires are now a major concern. Keep matches away from them and teach them to respect fire and not make it a subject of play.

Let's all join with "Smokey the Bear" and "Keep New Hampshire Green" and growing in 1964.

## **REPORT OF BROWN MEMORIAL LIBRARY TRUSTEES**

**December 31, 1963**

Once again the Library Trustees wish to report a fine year for the Library.

We have had five meetings with the Librarian, to discuss the business and work of the Library.

Early March, pictures were taken by the State Library Photographer, of the Librarian, Trustees, and some of the school children. These pictures are displayed, in the State Library.

For National Library Week in April, an afternoon Open House was held at the Library, with Mrs. Martha Frizzell of Charlestown, as speaker. Refreshments were served.

On May 11th, there were afternoon movies, for the children.

November 15th in the evening, Mrs. Esther Ayer gave an informal talk, also reviewed several good books. This was during Children's National Book Week. Refreshments were served by the Trustees and Librarian.

On November 5th, your Librarian attended a Reference Work Shop, at the State Library.

For the Childrens Corner, two Book Racks were purchased from the Morse Fund Interest. The Childrens Art Class at the Bradford Central School, is displaying their pictures. These add an interesting touch to the corner.

The sale of discarded books was continued this year. Books were given the Library during the year from:

American Petroleum Industry  
Bradford Women's Club  
Mrs. Donald Douglas  
Frank H. Douglas (Massachusetts)  
Mrs. Eldred Keays  
Miss Mabelle E. Steele  
Women's Christian Guild

Other friends are giving magazines.

The circulation of the Library increased in 1963, with 7,666 books including 764 magazines, checked out.

In addition to the circulation figure, 220 Reference Requests were filled, 70 of which were supplied from the State Library.

812 Books were loaned us from Bookmobile, and 183 directly from the State Library (by mail), by special request.

## SUPERINTENDENT'S REPORT

There was one change in the teaching staff and again it was in the upper grades. Mrs. Jennie Elliot was employed for the upper grades, but left at Thanksgiving time and was replaced by Miss Patty Booth, an energetic young lady, who has things well under control. Mrs. Eunice Willgeroth continues as the middle grades teacher and Miss Lucy Faulkner as the lower grades teacher. Miss Blanche Bailey, Mrs. Margaret Bacon and Miss Ruth Whitcomb continue to serve us as Music Supervisor, Physical Education Teacher, and School Nurse respectively. Mrs. Hazel Morse is enriching our school program by doing some excellent work in Art.

The census reports seem to indicate that the next four entering grades will be quite small, running about five or six, in contrast to the fourteen first graders we had entering in September of 1963. The size of the classes is as follows: Grade 1, fourteen; Grade 2, twelve; Grade 3, ten; Grade 4, seven; Grade 5, five; Grade 6, six; Grade 7, nine; and Grade 8, six. It can be seen that the present grades one and two and three are going to cause some adjustments as they move along through the school. To have thirty-six pupils in three grades would be too many in one class room.

The Legislature accepted the report of the Interim Commission on Education and some changes have been made at the level of higher education. Two new technical institutes have been voted for Gorham and Concord which will help meet the need for further training beyond high school, which is becoming more and more necessary.

It also re-organized the two teacher's colleges which will be of some benefit. However, it did not do much for the local school districts which need some financial help to meet the continued rising costs of education.

The teacher supply remains critical. Although there are a few more teachers each year the number of pupils is increasing in New Hampshire so fast that we are actually falling behind on our supply of teachers. This is an excellent profession, particularly for young women in the elementary field and more students should be encouraged to enter the profession.

I enjoy my work with the Bradford people and look forward to my visits to the school.

William C. Sterling

## REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

---

The 1964 forest fire season surpassed the record year of 1963 in both length and severity. For the second successive year, we experienced a rainfall deficiency of more than 10 inches and the compounding of such drought conditions, together with the many days of strong, dry winds, characterized 1964 as one of the most hazardous years in the past half century. Although our fire season was three weeks longer than that of 1963, the number of fires showed only a slight increase and more remarkable was the fact that the area burned dropped from 2280 acres in 1963 to 900 acres in 1964. Early detection and rapid response kept many potential fire disasters from becoming reality. We all owe a debt of gratitude to the men in this community who responded and fought our fires so efficiently. Our state is now 86% wooded and its economy — both industrial and recreational — is greatly dependent on this forest resource. The responsibility for adequate fire protection of this great area — 4,350,000 acres — is everyone's responsibility and prevention is one of our most effective tools.

Prevention is good common sense.

1. Take your rubbish to the town dump. If you must burn, obtain a permit and watch your fire until it is dead out.

2. Instruct your children in fire safety. Keep matches from young children. Explain to them the dangers of lighting matches and making outdoor fires.

3. Be sure discarded smoking material and matches are out.

A major portion of our preventable fires this year are chargeable to three causes: (1) permit fires allowed to escape; (2) children playing with matches; and (3) smokers. Let's be mindful of the fact that all such fires endanger property and lives.

We wish to thank you for your very fine cooperation during the past fire season and with your continued cooperation we are confident that we can improve our fire record in 1965.

### A REPORT FROM YOUR FIRE DEPARTMENT

First, the Department would like to thank all the people who worked and those who donated towards fireworks for the annual fourth of July celebration and helped us to continue carrying out the original plan, of making a safer fourth of July.

This is also the only means the Department has of earning money, which has been used in previous years to purchase special pieces of equipment such as radios, Scot air packs, a resuscitator and the four wheel drive forestry truck.

In September we were informed by the Federal Communications Commission that we could not use our Motorola Transmitters after January 1, 1965, as they were outdated. The Fire Warden's Associations joined together and wrote Washington, D. C. for an extension of time on the replacement of these units. A six month's extension was granted.

The Department, through the State purchasing office, has purchased three new Transmitters, so again you have assisted us in obtaining valuable equipment, beyond what our regular budget can buy.

Secondly, the Department would like to call to your attention, that there are two permits necessary, for the installation and operation of all power burners. These may be obtained from the Fire Chief.

May we have your continued interest and support during the coming year.

Robert A. Moore,  
Chief

## BRADFORD SCHOOL DISTRICT

### REPORT OF THE SUPERINTENDENT OF SCHOOLS

There have been two changes in the teaching staff this year. Mr. Thomas Abbott is the new principal and upper grades teacher. Mr. Abbott came to us from Scituate, Mass., where he was principal of a large Junior High School. He has had wide experience in the field of education and is a welcome addition to the Bradford School. His wife, Mrs. Genevieve Abbott, who is the new primary room teacher, also has had wide teaching experience. We are most fortunate to have these two fine people join our staff and I know they will be made most welcome by the Bradford people.

Your representatives to the cooperative study committee, Carl Danforth, James Hansen and George Morse Jr. have spent hours and hours on this study. More than 30 meetings of the whole committee and sub-committees have been held and I believe they have produced a fine report of their study. If accepted, this will mean a great deal to the welfare of the children of Bradford.

There is no question but that the trend in New Hampshire is toward Cooperative School Districts with larger regional Junior High Schools and High Schools. There is no question that, with a high school of four or five hundred and a junior high of three or four hundred, we can offer a far better program in these grades than we are now able to, and that we will be able to broaden our elementary program to a great degree.

There is no question but what the cooperative program will be more expensive, particularly the first year or two, but the value that you will be getting for your dollar will be far greater than you are now getting. If Bradford begins to grow in the next five years as I am sure it will the difference in cost will shrink greatly. I also feel that more and more the legislature and the State Board of Education is going to financially encourage the cooperative schools. Although the money was not made available there is a law on the books which provides for a payment of \$75 for high school pupils, \$60 for junior high pupils who cross town lines to attend a regional school. Either this legislature or the next one is going to make this money available. If the welfare of the children is of the first importance, I don't believe that we can afford to reject the Cooperative School District.

There is another item which has gained very little attention but which I think is quite important. The school board received a gift of \$25 to start a scholarship fund and later a \$20 gift was received for the same purpose. This money was turned over to the trustees of trust funds and the following resolution was adopted by the Bradford School Board; "The Bradford School Scholarship fund is established with the hope that other organizations and individuals will contribute to this fund. The fund to be left in the hands of the trustees and left to accrue interest until the school board feels that the available amount is sufficient for scholarship purposes. This scholarship will be given to a Bradford student graduating from high school, for the purpose of furthering his education in a University, Teacher's College, Qualified School of Nursing or Approved Technical Institute. Scholarships to be awarded at the discretion of the school board and the Superintendent of Schools. Factors to be considered will be scholastic standing, need of recipient and other considerations of merit."

**REPORT OF**  
**BRADFORD, N. H. HISTORY COMMITTEE**

During the year, the committee met several times. From these meetings, plans were made to purchase 500 Return Cards, which were sent to ascertain how many would be interested in purchasing a Town History, if they have information relative to Bradford's history, and as to having genealogies of their families to contribute.

The response has been quite gratifying, and it is the hope of the committee to continue on this project, and one day, a Bradford History will be available.

From the \$200 voted by the town for this purpose, the following has been spent to date.

500 Double Cards	\$	40.00

## REPORT OF THE TOWN HALL REMODELING COMMITTEE

At the Special Town Meeting of May 11, 1965, the townspeople voted to have the study committee continue its work and authorized the first stage of the town hall remodeling to begin. An appropriation of \$9000.00 was allocated to complete the alternate plan offered by the committee at that meeting.

In order to have working space available at the rear of the town hall, the old garage located there was moved. This was accomplished without destruction of the building which has been placed in the town shed area for use of the highway department.

The rusted chemical tanks were removed from the rear of the building to expose the area for the proposed furnace room. The old chimney was torn down and contractors contacted regarding bids for the chimney, masonry and construction of a furnace and pump room large enough to hold the equipment proposed for this remodeling effort plus needs required for an expanded effort to modernize facilities for the entire building at a later date.

Work on the well began in June and it soon became evident that an adequate supply could not be obtained by only opening the pipe to the old well. Drilling was necessary. A depth of 260 ft. with  $1\frac{1}{2}$  gal. per min. was reached and this was calculated as an adequate supply.

Space beneath the building was excavated and finished off as a furnace, pump room supplied by a 3 flue chimney. The well was piped to the cellar and a furnace sufficient to heat the selectmen's rooms and the renovated shed housing public rest rooms was installed.

Dry walls and ceilings were constructed in the area formerly used as a wood shed. Plumbing to a men's and women's rest room was installed. The walls and ceilings painted and flooring laid.

The electrical panels for the entire town hall were updated and necessary electrical outlets installed in the new section including the furnace and pump connections. Further excavation behind the town hall prepared the area for the septic tank and leach bed.

## **REPORT OF BROWN MEMORIAL LIBRARY TRUSTEES**

**December 31, 1965**

The Trustees and Librarian met several times during 1965 to transact Library business. From these meetings, we acquired a rack for magazines, a new Thermostat installed, the furnace repaired, and above all, a much needed temporary railing on the steps leading to Church Street.

On April 29th, Trustees and Librarian met with Mrs. Anderson, District Library Consultant, regarding buying books through the State Library. This project has been discussed, but not voted on at this time.

One of the Trustees, Mrs. Floyd Gypson, resigned and Mrs. Robert Sweet was appointed in her place. Our Custodian, Mr. Floyd Gypson also resigned, and Mr. Alfred Ayer took his place.

Mrs. Esther Ayer gave book reviews at the Library's Open House, celebrating National Library Week.

During Children's Book Week, Grades 1 and 2 with their teachers, Mrs. Abbott and Mrs. O'Neil, met at the Library for a story hour. Mrs. Katherine Harrington read several stories, and lollipops were enjoyed while they listened.

During the school year, these two grades have made regular visits with their teachers to the Library, every other week. (Fine cooperation with the Library and School.)

In the spring, tulips will be seen on the front lawn, planted by our Custodian.

**A beautiful Library! Come and use it.**

## **BRADFORD SCHOOL DISTRICT REPORT OF THE SUPERINTENDENT OF SCHOOLS**

Last year three towns, including Bradford, voted for a Cooperative, but the key town of Hopkinton voted it down. This refusal of the Hopkinton School District was the most disappointing occurrence to me personally in thirty-five years experience in education. However, the Bradford Study Committee almost immediately became involved in the study of the possibility of combining with a different combination of school districts. These include Andover, Newbury, New London, Springfield, Sutton, Warner and Wilmot.

Again the study committee of Carl Danforth, James Hansen, and George P. Morse Jr. have spent many hours on this study with only one purpose in mind; to provide a better educational program for the children of Bradford, and again they have succeeded.

Blanche C. Bailey, after many years of successful and faithful service, resigned at the end of the school year to accept a position in Exeter, N. H. She will be replaced at the beginning of February by Mr. Leo J. Cormier who is graduating from Plymouth State College at the end of the first semester.

Miss Ruth B. Whitcomb, who has been the school nurse for Bradford for several years, will retire at the end of this year. Miss Whitcomb has been an institution in the district and no problem was too difficult for her to handle.

The school board has employed another teacher for the second half year to work with Mr. Abbott. Mrs. Mary Masel is a graduate of New England College and did her practice teaching at Sutton during the first semester. There were just too many children in the upper grade room with four grades. Mr. Abbott is a most capable and dedicated teacher, but to expect him to provide the proper education for thirty-three pupils in four different grades is to expect the impossible. We should continue with the four teachers until we are able to make the changes we will make when Bradford becomes a member of a cooperative.

I certainly would like to pay tribute to the School Board and the Study Committee, as well as the teachers, for their dedication to the young people of Bradford during the past year.

William C. Sterling

Superintendent of Schools

## **REPORT OF THE COMMITTEE FOR INDIVIDUAL CONTRIBUTIONS FOR THE BRADFORD SCHOOL SCHOLARSHIP FUND**

At the March, 1965 Bradford Town Meeting, it was proposed that a Scholarship Fund be established. The measure was accepted and adopted and with an initial contribution of \$45.00 a Trust Fund to be known as the Bradford School Scholarship Fund was established.

In September, a Committee for Individual Contributions was formed with the following members:

Mrs. James A. Rawson, Chairman  
Mrs. Lillian Frey, Treasurer  
Dr. Anne A. Wasson  
Mr. George P. Morse Sr.  
Mr. Carl Danforth  
Mr. Gordon Bird Sr.

The amount of the fund received in four months to Feb. 1st through the generosity of friends and organizations is \$1,500.29.

There have been forty individual contributions and four gifts from organizations.

With this rewarding beginning, it is hoped that the fund will grow to such proportions, that the interest annually will be sufficient to help some worthy student seeking higher education.

The dispensation of Student Aid will be at the discretion of Members of the School Board and the Supt. of Schools. Selection will be based on scholastic standing, character and need of the individual student.

## REPORT OF TOWN HALL REMODELING COMMITTEE

During the past year your Town Hall Remodeling Committee has continued its work of planning and supervising Town Hall repairs. A forced hot air furnace was installed to provide heat to the Blue Room, the Green Room down stairs and the Main Hall and Stage; and ceilings throughout repaired. New windows were installed throughout the Hall. Decorating of the Main Hall and entry way was contracted for, and completed in time for the Annual Ball for the Dancing Class sponsored by the Women's Club. The Committee hopes that the townspeople will be able to use the building to better advantage now that water and heat are readily available.

**REPORT OF  
BROWN MEMORIAL LIBRARY TRUSTEES**

**December 31, 1966**

The Trustees and Librarian met several times in 1966, to transact business.

We observed National Library Week with a guest night on April 21st. Mr. Richard Fairbanks showed colored slides on a trip through the West. Refreshments followed the entertainment.

On July 9th, a book sale on the Library Lawn realized \$11.00. The Library had two gifts from the Bradford Women's Club this year. A blue spruce tree on the front lawn, and \$35.00 for Christmas Decorations. This was used for a Floodlight for the Holiday Season. The Library was very pretty lighted at night.

The School Children continue to come with their teachers each week, taking out many books for reading.

"Reading is not alone one of life's great pleasures, it is a necessity for everyone."

"A Library is not much good without good books," and our Library has them.

George P. Morse Jr. was appointed by the Selectmen to the Board of Trustees to replace Louise B. Wolfe, resigned.

## REPORT OF FOREST FIRE WARDEN

### Fire Record

Fire records are made by people - - those who cause fires and those who control them. Your forest fire warden, deputy wardens, fire chief and firemen have, in spite of a prolonged drought, made one of the best fire control records in recent years. Despite a very dry spring, we in New Hampshire working together, have substantially reduced our fire incidence (885 in 1965 to 595 in 1966.)

This enviable record is largely due to two factors:

1. A closely coordinated and integrated state-town organization jointly carrying out programs of forest fire prevention, training and suppression with dedicated personnel.
2. Your appreciation of our forest fire control program and your individual effort in practicing fire prevention.

Statistics show, however, there is room for improvement. Major problems are still with us; (1) the careless disposal of cigarettes; (2) the householder's carelessness in burning rubbish; (3) the failure of woodlot owners and contractors to completely extinguish their brush burning fires; (4) failure to extinguish camp fires; (5) unsupervised children playing with matches.

New Hampshire has 4,339,000 acres of woodland to be protected. In 1966 we experienced 595 forest fires on this area and restricted acreage burned to 395 acres - - - a fine testimonial to the efficiency and dedication of the men who make up our forest fire control organization.

1. If you must burn you will need a permit. Permits are not issued between 9:00 a.m. and 5:00 p.m. except on rainy days. Permits are not needed when the ground is covered with snow. To minimize risk the best way to dispose of rubbish is at your town or municipal dumping area.
2. Be sure all discarded smoking material is out.
3. Don't leave a live camp or cooking fire.
4. Most important—Instruct your children that matches are not play things.

**TRULY—ONLY YOU CAN PREVENT FOREST FIRES**

## **BRADFORD SCHOOL DISTRICT**

### **REPORT OF THE SUPERINTENDENT OF SCHOOLS**

Due to the relatively short time that I have been associated with the Bradford School District, I will not be able to give what I feel to be a very comprehensive report concerning the activities of the Bradford School District. Yet there are a few items that are worthy of mention that should be reported to you.

Mrs. Frances Van Natter was added to the faculty as a teacher of grades five and six. With this addition it became possible to give each teacher two grades in a room rather than the previous arrangement of three to a room. Even though this action is on the plus side, it created some housing problems. However, because of the cooperative school district coming into being it is hoped that this problem will be alleviated next year. The remainder of the faculty is the same as it was last year.

Because the Bradford School District qualified for funds under the provisions of Title I of the Elementary Secondary Education Act of 1966, we have been able to provide remedial instruction in the area of reading for those children in need of such assistance. Mrs. Charlotte Kelley was employed to carry out this program. Thus far it appears that this is a very beneficial and worthwhile program.

Bradford's decision to join the Kearsarge Regional School District is a wise move. This will make for a more efficient and effective use of the tax dollar, and will provide the students greatly increased educational opportunities.

My association with the Bradford School District has been most satisfying. I have found the School Board, faculty, students and parents to be most cooperative. This is sincerely appreciated.

Douglas H. Brown  
Superintendent of Schools.

**REPORT OF THE COMMITTEE FOR  
INDIVIDUAL CONTRIBUTIONS FOR THE  
BRADFORD SCHOOL SCHOLARSHIP FUND**

The Bradford School Scholarship Fund was established in 1965 at the March Bradford Town Meeting.

The interest from this fund to be used for the Educational needs of High School Graduates from the Town of Bradford.

A committee for Individual Contributions was formed in September of 1965, with the following members:

Mrs. James A. Rawson, Chairman  
Mrs. Lillian Frey, Treasurer  
Dr. Anne A. Wasson  
Mr. George Morse Sr.  
Mr. Carl Danforth  
Mr. Gordon Bird Sr.

The amount of the contributions received to January 1, 1967 is \$1,842.39. (\$25.00 of which is pledged)

Forty-eight individual contributions from Bradford citizens amounted to \$1,191.90.

Six organizations contributed \$472.39.

Four non-resident contributions amounted to \$178.00.

The first year goal hoped for was \$2,500.00. We fell short of the goal by \$657.71.

It is hoped that the fund will grow to such proportions that the annual interest will be sufficient to help some worthy student seeking higher education.

The dispensation of student aid will be at the discretion of members of the School Board and the Supt. of Schools. Selection will be based on scholastic standing, character and need of the individual.

## REPORT OF KEARSARGE REGIONAL SCHOOL BOARD

On May 2, 1966 the citizens of Bradford, Newbury, New London, Springfield, Sutton, Warner and Wilmot voted final approval of the formation of the Kearsarge Regional School District. The first official meeting of the new school district was held on July 19, 1966. The voters of the district raised and appropriated the sum of \$24,900. for the operation of the district until July 1, 1967. Among other things the voters authorized the school board to "make a survey of building needs, to take options if necessary, to engage the services of an architect, an attorney, and to employ such other consultant services as may be deemed necessary, to make topographical surveys and to take such borings as may be required, and to do all other things necessary to enable the board to make a report and recommendations to the district."

The Kearsarge Regional School Board does not assume operating responsibility until July 1, 1967, at which time the presently-existing school districts in the seven towns will cease to function. Since its election in July the Regional School Board has been preparing for this responsibility, and making plans for the new school buildings which will be needed by the district. Elected Chairman was William Neumann of New London, with James Hansen of Bradford as Vice Chairman. Selected as Clerk was Mrs. Annette Stevens of Wilmot, who was succeeded in January by Janice O'Rourke of Warner. Mrs. Evelyn Kiernan of New London is Treasurer of the district.

Several important sub-committees of the board have been named, and have been hard at work. These sub-committees include those on Salary Schedules, Policy, and Architect Selection.

One early and significant decision of the board was to engage the services, at a cost of  $\frac{1}{2}$  of 1% of the bond issue, of the Educational Consultant firm of Engelhardt, Engelhardt & Leggett of New York, one of the leading such firms in the country. Serving as this firm's consultant to the board is Dr. Edward Macbeth, who has spent many days in the district studying its problems and its plans for the future.

The Engelhardt firm has been engaged primarily in order to provide expert counsel to the board concerning building problems. Studying the original building proposals of the Kearsarge Regional School Planning Board, the firm has conceded their practicability, but has recommended an alternative approach. The board, after very careful consideration, has unanimously accepted the new proposal. The board will recommend that the district accept this plan, which

calls for the construction of an entirely new high school building (9-12) on a new site as yet unselected, and the use of the present New London Central School for New London's first five grades and as a Middle School (6-8) for the entire district. The board believes this plan allows more flexibility for the future, and that it is a more sound approach educationally.

On the date of operating responsibility the district will come under the jurisdiction of Supervisory Union #43, with offices in Newport. The Superintendent of Schools is Gordon B. Flint, who is aided by Assistant Superintendent James Leh (who began work in December), and Teacher Consultant Alphonse Soucy. It should be emphasized that Mr. Flint has been working closely with the board since July, and that until next July Mr. Leh is working exclusively for the Regional School District.

In March or early April, the Kearsarge Regional School Board will be holding one or more meetings of the district. At these meetings approval will be sought for (1) the operating budget for 1967-68, (2) changes in the Articles of Agreement to reflect the recommended new building plans, and (3) a bond issue for new construction. Every opportunity will be taken to keep the voters informed of progress in these areas prior to the meetings.

Respectfully submitted,

Kearsarge Regional  
School Board

James Hansen of Bradford was elected to replace Mr. Neumann as Chairman and Donald Mitchell of Sutton was elected as the Vice Chairman. Dr. Anne Wasson was appointed to fill the vacancy caused by Mr. Neumann's resignation. She will serve until the next annual meeting of the District.)**

## **REPORT OF TOWN AUDITORS**

**For the Year Ending December 31, 1967**

We, the Auditors for the Town of Bradford, have examined the books of the Selectmen, Tax Collector, Treasurer, Town Clerk, Road Agent, Library Trustees, and Trustees of the Trust Funds for the year ending December 31, 1967, compared their figures and find the same correct.

Mr. Louis DeCosmo, duly elected Auditor, resigned in January, 1968 due to pressure of business and moving to Henniker. Gordon W. Craigie was appointed to his position by the Supervisors of the Check List for the balance of the term.

**REPORT OF  
BROWN MEMORIAL LIBRARY TRUSTEES  
1932 - 1967**

The Brown Memorial Library after 35 years has a "New Image." On August 28, 1967 the Library became affiliated with the State Library Development Plan. Miss Anne Kraus of the State Library met with the Librarian and Trustees to explain what this would do for the Library and what had to be done by the Library, including longer hours to be open.

The Library is now open nine hours each week year round:

3 - 5 p.m. Monday and Wednesday

6:30 - 8:30 Friday evenings

2 - 5 p.m. on Saturday

Instead of our original eight hours.

From this affiliation, the Library receives \$100.00 in Reference Books chosen by the Librarian from a list given her by the State Library.

The Library has purchased a 20-volume 1967 World Book Encyclopedia. Two Book Stacks have been placed each side of the front door, from the Huntoon Fund interest money.

The Merrimack-Belknap County History book, repaired and rebound. A Timer was purchased for the Floodlights, which give additional light to the Library during the Holiday Season.

A Treasurer's Ledger was given to the Library by Carl Danforth. (Very nice.)

We had a fine Book Review by Mrs. Esther Ayer in observance of National Library Week. Fifty people attended including Emil W. Allen Jr., State Librarian. Refreshments were served by Trustees and Librarian.

The School Children grades 1-6 come with their teachers and enjoy the experience of taking out books.

Your Trustees have been busy this past year. We met 10 times with the Librarian discussing new business to improve the Library. "Come and see."

## **REPORT OF FOREST FIRE WARDEN AND DISTRICT CHIEF**

The year of 1967 will go down in history as a wet year although the early spring was dry and windy. During this time, we had many fires, unnecessary fires caused by carelessness and disregard for the common-sense fire laws and regulations. This lack of responsibility on the part of a few people hurts everyone. Let's work together to prevent the start of those unnecessary fires by:

1. No burning between 9:00 A.M. - 5:00 P.M. and then only with a permit from the Forest Fire Warden.
2. Take all debris and waste to the town dump.
3. Keep a clean, safe town dump.
4. Urge close supervision of children in regard to use of matches.
5. Exercise care with smoking material — use the ash-tray.

## FINAL REPORT — BRADFORD PLANNING BOARD

Bradford, N. H.

June 26, 1967

In answer to the charge made at the Town Meeting of March, 1967, as described in the Town Warrant, Article 9 as amended, the Planning Board has made a thorough study of the maintenance of the highways. This study has encompassed not only the town of Bradford, but has taken into consideration the structure of the highway departments of neighboring towns and towns of similar size, population, road mileage, etc. Based upon this study we make the following recommendations.

1. In view of past histories and experience of towns examined the Planning Board feels that the advantages of purchasing and owning equipment, far outweighs those of renting and leasing.

2. The care and maintenance of parks and playgrounds should remain as is.

3. Responsibility for the care and maintenance of cemeteries be left under the direction of the Selectmen rather than the Road Agent.

4. The initiation of an annual work schedule for a dump attendant, indicating full time and part time months and salary. The dump to be managed by the Board of Selectmen.

5. In order to insure proper and efficient maintenance of the highways, the Planning Board strongly suggests the following:

- (a) A highway department consisting of one Road Agent and two men, all on a full time basis with the addition of one man during the winter months, plus extra help as required during peak work periods such as snow time, oiling roads, etc. In order to entice and retain such permanent employees we suggest salaries consistent with state highway department wages, based on a five day, forty-four hour week, five paid holidays per year, and one week's vacation with pay.

- (b) A highway department consisting of the following minimum equipment requirements. One four wheel drive loader, one four wheel drive truck, one two

wheel drive truck, and one grader, together with attachments, tools, maintenance equipment, etc.

6. In answer to the charge made at Town Meeting of March, 1967, as described in Town Warrant, Article 11, the Planning Board started a study to prepare a Master Plan for the orderly development of the Town. As a goodly portion of the year was required to fully explore, develop, and finalize the recommendations for a Highway Department per Article 9, the Planning Board has not had sufficient time to develop any final recommendations relating to a Master Plan. Rather than submit an incomplete report at Town Meeting in March, 1968, the Planning Board will continue to pursue a regular and detailed study until such time as it is ready to make an appropriate report at a public hearing.

## SELECTMEN'S REPORT — 1968

---

During the year 1968 the Selectmen had a very busy schedule such as the acceptance of Route 103, Fairgrounds Road and the Center Road which required the inspection and study as to safety and the approval of the finished roads; the preparation for the repairs to the Bement Bridge; the reappraisal of properties; perambulation of Warner and Bradford town lines were partially done this year; the resurfacing of Forest Street which came under the aid of T. R. A. In order to complete this in one operation, rather than having a portion delayed for one year, which would be a much greater cost, we had an overdraft of \$250.40. If this road had not been completed this year there would be an added cost of \$600.00.

We also went into the study of air pollution, water pollution and safety.

We have also been studying the possibility of introducing a loose-leaf system which will supersede the blotter books. This will tend to make the entries more efficient and cut a considerable cost from same.

There was a cost system established for the highway department equipment; also purchasing orders for equipment and supplies. We have taken advantage of purchasing through the State which has shown a substantial savings.

We have been very fortunate in having Mildred Gunscheon as our secretary. She has put in many trying hours and has accomplished much that we would have been unable to fulfill. The town is very fortunate in having a person of her ability.

Small towns are facing some very complex problems which are challenging their strength to overcome or meet the new demands. This will require each citizen to have a deeper interest in town affairs which could be accomplished through a community association working in conjunction with the Selectmen and town officers.

We regret very much that one of our members, Leo L. Loftus, because of illness, was unable to be with us in the latter months of the year. We trust that he will have an early recovery and be able to carry on his duties.

## BROWN MEMORIAL LIBRARY TRUSTEES

1968

The Brown Memorial Library has now been affiliated with the Statewide Development Plan as of August 1967.

This has made changes in our (Country Town Library). Like we all know, time changes many things, libraries and people.

The Trustees have met seven times with the Librarian this year to transact Library business, including accumulating a written policy, concerning our library operations, required as an affiliated library.

There have been other meetings for the Statewide Development program. In Laconia, two District Council meetings, and one in New Hampton.

These were attended by Carl P. Swinnerton, Delegate, Nathalie Swinnerton, Trustee, and our Librarian.

Two Workshops in Bedford and Pittsfield were also attended. These were of value to the Librarian.

Mr. Richard Parent, District Consultant for our area, visited our Library on two occasions.

Improvements were made by installing a center stack for reference books. Fourteen of these books were given the Library by the \$100 State Aid grant. Also included were indexes to the National Geographic magazine and periodical literature.

This \$100 grant is given each year to each affiliated library. The collection of 50 records was a gift from RCA.

Another addition to our book selections is 10 large print books, for poor vision readers. These, too, were a gift from the State.

In April, National Library Week was observed at the Library, with a very fine book review by Mrs. Kathryn Martin, formerly of Henniker, now associated with Colby Junior College, New London. This was an evening entertainment open to everyone.

In November, during Children's Book Council Week, a colored film, "Disneyland U. S. A." was shown by Mr. George P. Morse Sr. at the Central School, for the Library.

Children from the Central School visited the Library

regularly through the school year, borrowing nearly 4,000 books.

The year's circulation totaled 8,920 of which 4,482 were adult books, and 4,438 children's and young peoples'.

Nine hundred and forty-six books were loaned the Library from Bookmobile. Fifty-three ordered direct on request from the State Library.

"Without a book, life could be drab."

## REPORT OF FOREST FIRE WARDEN AND DISTRICT CHIEF

Nelson C. Spaulding, Warden

Gerald H. Hight, District Chief

People cause fires. Our records show that the number of fires increase in an area as the population increases and our state is growing tremendously. This means that we all must be aware of fire causes and do our best to prevent their occurrence.

When we are very young the lighted match is an adventure, burnt fingers and a dropped match is another fire. A little older we like to have a woodland cookout, or go out by ourselves for a smoke but fire and forests get together for another statistic. We adults like to clean up in the spring, burn the old debris and the dead grass, result — escaped fires and much personal expense.

With new homes and summer cottages located in woodlands and with abandoned fields and forests crowding the back yards of our villages' streets, it is necessary that everyone be aware all through the fire season, which comes with the disappearance of the snow, of the need to be careful with outdoor fires and fire sources.

The following action will help:

1. To teach our children the danger of lighted matches.
2. To **never** discard lighted smoking material from a car or while walking through fields or woods.
3. To safely dispose of rubbish preferably at the town dump. If you must burn—
  - a. You need a written permit from the town fire warden for all debris burning except when the ground is covered with snow. Cooking fires in outdoor fireplaces or in charcoal braziers in your own back yard are permitted on notification of the warden.
  - b. The warden is forbidden by regulation to allow burning of household rubbish on **grass** by householders between 9:00 A.M. and 5:00 P.M.
  - c. Have equipment on hand to control the fire **before** you light the match.
4. Promptly report any fire out of control to your fire

warden or fire department.

Help to keep our town out of the fire occurrence column and save your tax dollars for useful purposes.

## REPORT OF THE BRADFORD PLANNING BOARD

In the Town Report for the year ending Dec. 31, 1967, the Planning Board reported the following: "The Planning Board has not had sufficient time to develop any final recommendations relating to a Master Plan, as charged at the Town Meeting of March 1967, by Article 11 of the Town Warrant. Rather than submit an incomplete report at Town Meeting in March, 1968, the Planning Board will continue to pursue a regular and detailed study until such time as it is ready to make an appropriate report at a public hearing."

Following this report, the Planning Board experienced a period of inactivity until the Fall of 1968. At this time the Planning Board recognized the resignation of the Board chairman, William A. Raspiller. The Board then reorganized in order to develop a plan of action. James W. Gunscheon was appointed by the Selectmen to fill the vacancy left by William A. Raspiller. At subsequent meetings a new chairman was elected and discussion progressed to a point where the Planning Board has established and adopted rules of procedure, spent considerable time studying available literature, reports of other Town Planning Boards, and consulting with representatives of the State Department of Resources and Economic Development. It is our objective to decide upon a course of action to be pursued which will create a basic foundation upon which we can construct a Master Plan for the orderly development of the Town of Bradford. A plan which will be most beneficial to the Town and its residents. Not only for the immediate future but for the years of expansion and growth which lie ahead. Already the first effects of the new road are becoming apparent as properties are being bought and sold and new families are settling in Bradford. The Town of Bradford is now more easily accessible for the working, recreation, and retirement population.

Until such time as a definite course of action has been adopted, the Planning Board shall continue to meet the first and third Mondays of each month. As the results of these meetings are formulated into basic proposals, the Planning Board will advise the Town residents by information releases and public meetings appropriate for the purpose.

## OUR TOWN

---

The year 1969 has ended and has been a busy one for the Selectmen with its varied responsibilities which we hope have been conducted in a manner satisfactory to you, the people.

The Bement Bridge, with the cooperation of the State, was completed and dedicated this year. A light was placed within it as required by law.

The loose-leaf system, in place of blotter books, was put into effect. This, with the assessment cards, has proven to take less time and effort and is more legible. The State Tax Commission commended us for this new method.

We have taken advantage of purchasing through the State. For example salt which last year cost us \$32.00 a ton was only \$14.25 this year.

The perambulation of the Warner and Bradford town lines was completed this year with Raymond E. Jaycox and the Warner officials.

Our town highway garage, which had a new heating system installed, will need an addition in the very near future because of added equipment which at present cannot be stored inside.

We wish to commend the Planning Board for its dedicated work in the study and recommendations on the problems delegated to them at the last town meeting.

Because of many complaints regarding dogs running loose and parking problems on the streets we have inserted both ordinances in effect in town.

We wish to remind you that the inventory blanks will be mailed out soon. No appeals can be considered unless a completed inventory has been filed with us by April 15, 1970. Please give a complete description of your property with acreage if possible.

During the early part of 1969 your Board of Selectmen was approached by some of the businessmen in town regarding a sign which would be furnished by them as an informative source to persons traveling on Route 103 as to the benefits to be found in Bradford — its business, recreational, and residential opportunities. We wholeheartedly agreed with this type of progressive interest on the part of Mr. Ernest

Stewart — Stewart Agency; Mrs. Margaret Colgate — Messer Insurance Agency; the Messers — Pleasant View Farm; the Halligans — West Branch cottages; Arthur F. Valley — Jim's Auto Service; Richard Burke — Bradford Garage; Carl F. Cressy — Cressy & Williams; Carl H. Danforth — C. A. Danforth & Co.; Cynthia Coonley — Trade Winds Market; John A. Kelley Jr. — Contractor, and Harris Wheeler Jr. — Wheeler's Restaurant.

An attractive and informative sign was furnished by them, and placed by us in a location where we felt it would attract the attention of those passing through on Route 103. We would like to take this opportunity to thank these business people for their interest in the town, and we are pleased to report that it is already producing results. For instance, we now have a new taxpayer who, after reading the sign, was interested enough to come into town and make inquiries about available property. He was pleased with what he found, purchased some land and is making plans to build his new home during the year. This type of progress benefits all of us.

We trust this town report will give you an insight as to the cost of operating your town government.

## DOGS AS A MENACE OR NUISANCE

The selectmen or public must investigate any complaint of a dog causing a nuisance or a menace to persons or property within three days after receipt of complaint. If the complaint is sustained they must order the dog owner or keeper by a certified delivered copy to abate the nuisance. The owner has ten days to petition the district or municipal court for a hearing, while restraining the dog, until court judgment. Failure subjects the owner to a fine up to fifty dollars and loss of custody of the dog to the police for disposition by the court.

A dog is causing a nuisance or is a menace under the following conditions:

- (a) It barks continuously for sustained periods of time;
- (b) It barks during the night hours so as to disturb the peace or quiet;
- (c) It turns over garbage cans or waste containers, or otherwise causes garbage or waste to be scattered in yards or on streets and sidewalks (while it runs at large on the streets or on property other than its owner's);
- (d) It barks, growls, snaps at, bites, runs after, or chases any person while it runs at large;
- (e) It barks at or runs after motor bicycles, vehicles, motorcycles, or other vehicles being driven along the streets while it runs at large;
- (f) It alone or in packs with other dogs runs, chases, or preys after fowl, game, domestic animals, or human beings while it runs at large.
- (g) It digs or scratches or excretes on another's property while running at large.
- (h) While in heat is unconfined (not in an enclosed building)

(466:31; 1967:294; 1969:239).

**Section 1.** No person shall park a vehicle on any public road or highway within the limits of the Town of Bradford.:

- (a) On a sidewalk.
- (b) In front of a public or private driveway.
- (c) Within an intersection.
- (d) Alongside of or opposite any street excavation or obstruction when such parking will obstruct traffic.
- (e) Upon a bridge or other elevated structure upon said highway.
- (f) Within one hundred (100) feet of an intersection as measured from the center line of said intersecting road.
- (g) On any public street or highway for a period of time longer than thirty (30) minutes between the hours of 2:00 A.M. and 6:00 P.M. on any day, except by persons on emergency calls.

Dated at Bradford, New Hampshire this 13th day of September, 1958, by order of the Selectmen hereunto duly authorized and empowered.

## **REPORT OF TOWN AUDITORS**

**For the Year Ending Dec. 31, 1969**

We, the Auditors of the Town of Bradford, have examined the books of the Selectmen, Tax Collector, Treasurer, Town Clerk, Library Trustees and Trustees of Trust Funds for the year ending Dec. 31, 1969, compared their figures and found the same correct.

## BROWN MEMORIAL LIBRARY TRUSTEES

1969

In 1969 the town voted to approve the trustees' request to increase the number of trustees for the Brown Memorial Library from three to six. The trustees and the librarian met fourteen times to conduct library business.

In April a tea was given by the trustees for Mrs. Dana Sanborn and Mrs. Percy Wolfe in recognition of their many years of service as trustees of our library. Mrs. Esther Ayer gave a Book Review at the library's Open House during National Library Week.

In July a book sale on the library lawn netted the library \$32.00.

In October, the author, George F. Mason at the request of the trustees entertained the Central School children with drawings and stories from some of his books. In observance of Children's Book Council Week, the trustees served refreshments at the library to the school children.

With the interest of the Huntoon Fund, we were able to have a record cabinet built and purchase a filing cabinet. Three electric outlets were installed.

Our delegate, Mr. Carl Swinnerton, attended all District Council Meetings and the trustees and the librarian alternately attended Council Meetings, Area Meetings and the New England Association Meeting at Wentworth-by-the-Sea in October. In this way we were kept informed of new operational techniques for small libraries, effective programs for the community and especially benefited by the exchange of ideas.

The trustees of the Brown Memorial Library have endeavored this year to continue service to the community by utilizing the facilities provided by the State Library in Concord such as films, large-print books for those of diminishing sight and consultant services.

It is our special aim to provide for our children a place to meet as a research and reference center, to hear records and lectures and see films; hopefully to continue their education, expand their horizons and encourage the sheer pleasure of reading.

<b>Explanation</b>		

Magazines, bought through Moore-Cottrell are paid for only once in three years in order to take advantage of a better discount. The unused balance of interest was left in the bank this year to apply on 1970's share of the bill to be paid in three years.

The balance of \$120.64 in the General Fund does not represent the true picture of the year's balance. Book orders have been coming in very slowly and about half of this amount is reserved for books ordered many weeks ago but which have not yet come in.

## REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

The 1969 fire season was a quiet one in this area. Frequent rains kept the danger to a minimum and there were few violations. Your Forest Fire Warden's job would be easier if everyone understood the State laws that govern the kindling of outdoor fires. A synopsis of these laws follows:

### Fire Permit

A fire permit is needed for all outdoor fires in or near woodland anytime the ground is not covered with snow. This includes household waste burning, even if in an incinerator, grass burning, garden trash as well as brush burning. Such burning is restricted by regulation to be prior to 9:00 a.m. and after 5:00 p.m.

### Exceptions

Commercial or industrial burning is allowed anytime under normal conditions with permission of the District Chief and a permit from the Fire Warden.

Camp or cooking fires are allowed on your own property with permission of the Fire Warden. On another's property with written permission of the landowner and permission of the Fire Warden. The Warden can forbid such fires if in a hazardous area. Permits for cooking fires in the White Mountain National Forest can be obtained from the Laconia Office or at the Ranger Stations. Permits are not required in public camp or picnic grounds where fireplaces have been built for this purpose.

### Penalties

1. For kindling a fire without a permit. Maximum of \$200.00 fine; or imprisonment for not more than 60 days.
2. For kindling a fire by any means wilfully or recklessly that shall endanger woodlands the maximum fine is \$500.00 or one year's imprisonment.
3. For failure to totally extinguish a camp or cooking fire before leaving it the same penalties as in (1) above.
4. For dropping inflammable material in or near woodland maximum fine of \$25.00.

## REPORT OF THE BRADFORD PLANNING BOARD

Report of the Planning Board to the inhabitants of the Town of Bradford.

In response to the charge per article number 23 of the 1968 Town Report, the Planning Board has made a lengthy and detailed study of various acceptable methods of waste disposal. After due consideration the following plan is recommended for action by the voters:

During the period of May 1st through December 1st each year, the present dump site will be modified to operate as a sanitary land fill waste disposal area.

A gate with lock will be installed at the entrance.

A sign will be erected including the following operating hours:

Tuesday 3 to 7	Saturday 10 to 7
Thursday 3 to 7	Sunday 1 to 7

There will be an attendant on duty during all operating hours.

There will be designated dumping areas for particular types of waste materials.

All waste material will be covered in a sanitary manner on Monday and Friday using the town loader and operator. There will be no burning, except by direction of the attendant.

During the period of Dec. 2nd through April 30th each year the same hours will remain in effect, controlled by the gate with lock and sign. All waste material will be dumped in properly designated areas using the upper part of the dump site. The accumulated materials will be pushed over four times per week using the town grader and operator. There will be no burning, except by the direction of the attendant.

The estimated minimum annual cost for this method of operation will be \$3,170.00.

May 1st through Dec. 1st—	
using town loader and operator	\$1,285.00
Cost of attendant	1,564.00
Dec. 2nd through April 30th—	
town grader and operator	321.00
Operating Cost	<hr/> \$3,170.00
Cost of installing gate	100.00
Cost for 1970	<hr/> \$3,270.00

Relative to the continuing development of a Master Plan for the Town, the Planning Board has considered various approaches to the priority of a course of action. In the opinion of the Board, based upon considerable study, a subdivision ordinance is of basic importance to the stable and orderly growth of the Town.

Land subdivision regulations are regulations designed to ensure that proposed subdivisions, including streets and utilities, will be designed and constructed in accordance with both plans for adjacent development and for over-all municipal development.

A subdivision simply stated is defined as "the division of a lot, tract, or parcel of land into two or more lots for any and all uses."

To establish subdivision regulations in a town, it is necessary for the Town Meeting to authorize the Planning Board to hold a hearing and adopt same. This authorization may be established by inclusion in the Warrant of any Town Meeting. Refer to Article #19.

It should also be noted that the Town Meeting — under State law — does not act on subdivision regulations, per se, but only authorizes the Planning Board to adopt same.
