

Bradford Natural  
Resource Inventory

Aerial  
Photography  
Spring, 2010

Legend

- Trails
- Parcel Lines
- Conservation Lands

Aerial photographs acquired for the NH Department of Transportation by Photo Science, Inc. in the Spring of 2010.

Lot lines from the Bradford Tax Map updated by Cartographic Associates, Inc. in 2010.

PLEASE NOTE: The tax maps are approximations based on a composite of publicly available information; they are not legal evidence of size, shape, location or ownership of parcels of land.

This map is presented for general illustration purposes and should not be considered suitable for site-specific decision making. The lines from the tax maps do not always line up with features visible on the aerial imagery.
